

éQuilibre
&instinct **BIO**

THE FIRST FRENCH PET FOOD BRAND 100% ORGANIC

Thanks to the quality of our products, we are lucky to be able to highlight this label.

Manufacturing our Equilibre & Instinct foods requires 20 % less energy than preparing a food made from dehydrated meats.

It is obligatory to get a certification to manufacture organic products. A certification body controls the production plant every 6 months to validate our recipes, our packaging and also the traceability of our raw materials.

Made from organic raw materials, these organic foods will provide your pet with all the nutrients needed to keep them fit and healthy.

Certified by an independent organisation, the manufacturer guarantees the specificity of the quality of the raw materials used.

Traceability is total. The AB logo offers you the guarantee to buy products without GMO or preservatives. All of our organic products are compliant to a very strict specification.

These products derive from the organic production method, implemented by agronomic practices and respectful breeding of the natural balances, the environment and the well-being of the animal.

100% ORGANIC
PET FOOD

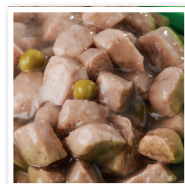

100 % of raw materials from the origin of farming are derived from organic agriculture.

THE BEST EQUATION BETWEEN
HEALTH & VITALITY

Satisfy our friends,
cats and dogs,
and please the owners!

Formulated by vets in Normandy,
Equilibre & Instinct pet food respecting
the needs of your animal
using fresh meats transformed
within 72 hours of slaughter.
Perfectly adapted to
the carnivorous diet of your pet,
they have a better protein assimilation
and more digestibility
than most conventional pet food.
